"FOUR VISION QUESTS OF JESUS".

Steven Charleston is a Native American elder, a citizen of the Choctaw Nation and a bishop in the Episcopal Church. He comes from a family with a long history of service in the Native American community. His great-grandfather and grandfather were both ordained pastors who preached in their native language in rural communities throughout Oklahoma. Following in their footsteps, Steven was ordained at Wakpala, South Dakota on the Standing Rock Sioux Reservation. He was the national director for Native American ministries in the Episcopal Church, a tenured professor of Systematic Theology at Luther Seminary, the

Episcopal Bishop of Alaska, and the President and Dean of the Episcopal Divinity School in Cambridge, Massachusetts.

Currently, he teaches at the Saint Paul School of Theology at Oklahoma City University. In 2014 Trinity College in Hartford, Connecticut, named a building after him to honor his work in inter-faith cooperation.

Bishop Charleston began his writing with only four people as his audience. Today there are over 10,000 people who read his daily meditations on Facebook and thousands more who have discovered him through Red Moon Publications' flagship book, *"HOPE AS OLD AS FIRE"*. Along with his daily meditations, thousands more around the world read his books.
